

**October 10, 2023**

**Lahore, Pakistan**

**To Whom It May Concern**

I highly recommend Haroon Azhar for any future endeavors. He has been a valuable asset at Maavra Tech since January 2023.

Haroon, a high school student from Raffles World Academy, has shown dedication and commitment in his role as a Student Intern. His technical skills are evident in his work on our "Smart Automation Project", where he integrates KNX hardware into a mobile app for remote control of hotel rooms.

Haroon's attention to detail and forward-thinking have contributed to the success of this project. He works professionally, meets deadlines, and collaborates well with the team.

Haroon has also displayed excellent time-management and communication skills, making him a valuable team player. We are proud of his growth and progress during his time with us.

Please do not hesitate to contact us for further information.

Regards,

**Rehan Wali**
